RE: 2016 Charitable Giving Campaign

Each year the State embarks on a fund-raising campaign to assist Community Health Charities of Nebraska (CHC), Community Services Fund (CFS), and United Way organizations across the state. The State of Nebraska Charitable Giving Campaign Challenge – Pulling Together to Give the Good Life runs from August 1 through August 26, 2016. The Charitable Giving Campaign, supports local health and human service agencies meet critical needs of people in our community who need it most. You have the power to choose where you want your dollars to go.

You are invited to attend the kick off presentation on **August 10th at 10:30 am** in the State Board Room (or broadcast via Adobe Connect) for information about the campaign, the organizations that serve our community, and to hear about the August NDE Agency Challenge.

Thank you for taking time to consider this opportunity to connect and give back to your communities. Human Resources will provide additional information and respond to your questions during the campaign.
