Information

You will need to contact the facility you would like to park in on your own and set-up monthly parking. The garages/lots listed are all eligible for pre-tax payroll deductions for the monthly fee. You will need to pay the initial cost upfront and then once you get started the State will take the payroll deduction and pay the garage for you on a monthly basis.

Once you begin working you can sign up to be on the waiting list for the State parking garages.
