Outlook Calendar

Calendar Views

There are three calendar views that are available to you. They are the **Day View**, **Week View**, and the **Month View**.

Day view

Week View
Setting Workdays and Times

1. From the Menu bar click on **Tools** then **Options**.
2. In the Options dialog box, click on **Calendar Options** button.
3. Edit the information to reflect your work week.

![Calendar Options](image)

4. When you are done making changes click on the OK button.

Creating an Appointment or Event

Creating a One-time Appointment or Event

1. Select the Calendar button from the Navigation pane.

![Select Calendar](image)

2. Click on the New button to bring up a new Appointment screen.
3. When the Appointment dialog box appears fill in the **Subject; Location; Start time; and End time**:. Make any notes that you wish in the body of the Appointment dialog box.

4. When you are finished click the **Save & Close** button.

---

**Creating a Recurring Appointment or Event**

1. Select the **Calendar** button from the Navigation pane.
2. On the Menu bar, click **Actions** then click on **“New Recurring Appointment”** from the selection list.
3. When the Appointment Recurrence dialog box appears, complete all of fields that apply to your recurring appointment. The three areas that can be changed are: Appointment time, Recurrence pattern and Range of recurrence.
